### Part I-

#### Achievement Testing (Kindergarten-5<sup>th</sup> grade)

Each applicant will take an in-house achievement test at The Guthrie School. In most cases, we are able to satisfy each families first preference. There are several sessions on each date, and the exact time of your applicant's test will be outlined in a confirmation email. Parents should plan on their student spending approximately 2-2 ½ hours at The Guthrie School.

Please indicate which date you prefer. Thank you.

#### Individual Visit (Prekindergarten-5<sup>th</sup> grade)

Applicants applying to grades K-5 are encouraged to schedule a half-day visit during which they will have an opportunity to "shadow" a Guthrie student through his/her classes. These visits take place from October-February. Once the Testing Registration and Application have been received, and Admissions Officer will contact you to set up a visitation date.

Should you not be able to attend your testing date, please contact The Guthrie School at 972-596-6929 or [admissions@guthrieschool.com](mailto:admissions@guthrieschool.com) as soon as possible to reschedule.
