2025

Welcome to Summer @ Guthrie

We are thrilled you have chosen to learn more about The Guthrie School's Summer Program.

Rest assured our unique and popular morning program that gives students a huge jump-start on the coming school year is back and better than ever! This teacher guided program is complete with language arts, writing, presentation, and math. Students will be under the tutelage of The Guthrie School's amazing faculty.

In addition, you will find a wide variety of weekly afternoon program offerings ranging from art and science experiments to novel studies and Legos. Our programs are sure to keep your child interested and engaged in exploration while providing growth during this summer. At The Guthrie School, we focus on developing the whole child with loving care and positive guidance. We want each student to achieve a boost of confidence while they experience the best summer ever!

Scholars, artists, budding scientists, writers, animal lovers, botanists, and more will have a blast with us at Guthrie this summer.

Highlights:

- Our program covers the entire summer from May 27th-August 8th.
- Our schedule accommodates a full workday with programming from 8:00 am to 6:00 pm.
- Special volume discounts are available.
- Enrollment may be completed by emailing summer@guthrieschool.com.
- Take a peek at our "FAQ's: Just the Facts!" which will answer most of your questions.
- We will personally help you find just the right program to meet your child's needs, so call us today at 972.596.6929!

We look forward to sharing a summer packed with learning and fun with your child!

FAQs: Just the Facts

Q: How do I enroll?

A: Enrollment includes the signed Enrollment Form, Policy Form, Media Release, Discipline and Guidance Policy, and the \$100 Enrollment Fee.

• You can enroll by email, in person or online submission form (preferred).

- **Online:** www.guthrieschool.com
- **In Person:** Bring your completed and signed forms and payment to our office at: 598 Old Custer Road, Allen TX 75013.
- **Email:** Send ALL completed and signed forms to summer@guthrieschool.com. You will receive a confirmation call to arrange payment and secure your seat.
- Call 972.596.6929 for assistance with questions!

All programs are limited in size and are available on a first come, first serve basis. The full payment of the program must be received to secure your student's place. Programs are subject to cancellation due to insufficient enrollment.

Q: Is there a deadline to enroll?

A: Enrollment paperwork and the enrollment fee must be received by Thursday at noon in order to be processed for programs starting the following Monday. If enrollment occurs on the day class starts, a \$20 rush fee will be added, providing the program is available.

Q: What forms of payment do you accept?

A: We accept cash, check, ACH and debit/credit cards (MasterCard, Visa, and Discover only). Credit card payments are subject to a 3.5% processing fee.

FAQs: Just the Facts

Q: What are volume discounts?

A: ON or BEFORE March 28, 2025-10% off \$2,000+, 7% off \$1,000+
ON or BEFORE April 25, 2025- 5% off \$1,500+

The volume discount applies to tuition only and does NOT apply to the enrollment fee. The discount will be applied at the time of full payment of tuition. The volume discount is per student (not per family).

Q: Do you offer sibling discounts?

A: No. We limit our class sizes to maximize the amount of attention we can give to each student. Each seat in the class is equally important.

Q: How do I add or change classes after I've enrolled?

A: Additional programs may be added by emailing summer@guthrieschool.com or calling 972.596.6929, or in person. Parents are allowed one schedule change at no charge. A \$15 charge will be applied for each additional schedule change. Tuition and fees are non-refundable.

Q: When registering for programs, which grade do I choose?

A: Students will enroll in the grade level they will enter in the fall. Students must be at least three years old by their start date in order to enroll. All students must be toilet trained without assistance from an adult.

FAQs: Just the Facts

Q: Where do I drop off and pick up my student?

A: Students will be dropped off and picked up at the front lobby. At release, students will be escorted to the front lobby and released to authorized individuals.

Q: How does lunch work?

A: Lunches can be purchased from and will be provided by Wholesome Food Services, an outside, healthy-fresh food service company. Please visit www.wholesomefoodsolutions.com to register your child. Lunches may be brought from home, but will not have access to refrigeration or heating. We do not accept food service delivery.

*Staying for lunch supervision is included if enrolled in both AM & PM classes. There is a \$25 weekly fee for single block lunches.

- The Guthrie School is a nut and shellfish free school.

Q: What should my student bring with him/her?

A: The following items are suggested:

- Bag: Please bring a backpack or bag with handles.
- Wear closed-toe shoes.
- Snacks: Students will have snack time at 10:00 AM and 4:30 PM each day. All snacks must be nut free and shellfish free.

Q: Do you offer Extend care?

A: Yes! Our EXTEND program is available. Early care is available from 8:00am until the morning program begins at 8:30 AM. Afternoon care is available until 6:00 PM. Please see class schedules for the cost of attending.

FAQs: Just the Facts

Q: How do you handle allergies or other health concerns?

A: Please clearly indicate if your child has any allergies or dietary sensitivities on your enrollment document. State law requires that any student with a food allergy have a letter from a healthcare professional on file indicating the allergy and action plan. The Guthrie School is a nut free and shellfish free school. If your child has any allergies or health concerns, please contact Jennifer Menniti at Jennifer.menniti@guthrieschool.com or call 972.596.6929.

Q: How do you handle discipline?

A: The Guthrie School reserves the right to dismiss from its program any student whose conduct is unsatisfactory, who fails to conform to the rules and regulations or who is unable or unwilling to participate in a group setting. No refund or transfer of tuition to another program will be made upon a student's withdrawal or dismissal from any summer program due to discipline or inability to participate. The Guthrie School staff and teachers follow our discipline policy, which is part of the registration packet.

Q: Does my student have to be a Guthrie School student to attend the Summer Program?

A: No! The Guthrie School Summer Program welcomes students from any school, race, color, religion, and national or ethnic origin.

Early Childhood Preschool & Pre-K

Friends, Fun, and Learning!

The Summer at Guthrie Early Childhood Program gently guides our youngest students, and places them on the path to success socially, emotionally, and academically. We care about the whole child and thoughtfully prepare a loving and rich environment for them to learn to love school, make new friends and achieve developmental milestones.

Students will learn:

alphabet recognition	phonics skills	number recognition
sequencing	shape recognition puzzles	manners
visual/spatial reasoning	addition & subtraction	story recall
handwriting & fine motor skills	gross motor skills	school skills
presentation	measurement	geography
music	art	S.T.E.A.M. activities

Week	Option A 8:30AM-11:30AM	Option B 8:30AM-4:30PM	Option C 8:30AM-6:00PM	Weekly Theme

Option C: Morning Academic Class, Lunchtime, Rest/Nap Time, Snack, Organized Afternoon Activities based on weekly theme, Extend

***Students must be 3 years old by start of camp and toilet trained without assistance to enroll.**

Elementary Program Kindergarten-Sixth Grade

Morning Advanced Academic Program
Weeks 1-11

In-Person Class
Time: 8:30 - 11:30AM

- The Summer at Guthrie Morning Academic class is our hallmark program for advancing a student's academic skills during the summer. Parents and students alike agree that Guthrie is the place to be to prevent the summer slide. Students who attend our morning summer program show strong academic growth and become more confident in their skills. They are academically prepared when fall placement testing begins. The classes are teacher-led by our own Guthrie faculty who are bringing out the best in each student. This year we are offering In Person classes for students in Kindergarten through 6th Grade.
- In the Morning Academic program, students will experience all the benefits of a teacher-led class that includes math, problem solving, critical reading skills (comprehension, figurative language, main idea and details, character traits, inferences and making judgments, author's purpose and perspective and genre and organization), vocabulary development, writing and composition, and speech and presentation. Each week is self-contained so that it is possible to take a vacation and return for additional weeks later in the summer with ease. Our teachers get an amazing amount of instruction accomplished in class and students love that there is no homework!

Kindergarten-Sixth Grade Schedule

- Afternoon camps are split into two blocks designed to give students a balance of active, creative and academic transition.
- Block A runs from 12:30-2:30pm and Block B runs from 2:30-4:30pm.
- If your student plans on attending both blocks, please select an appropriately leveled camp from each block.
- It is NOT required to attend both blocks. Students can be picked up after Block A.

Week	Academic Classes (K-6) 8:30AM-11:30AM	Fee	Afternoon Camp Block A 12:30pm-2:30pm	Afternoon Camp Block B 2:30pm-4:30pm

Camp Descriptions

Spaced Out (K-2)

Zoom through space in this interactive STEAM camp. Explore the vastness and special features of our solar system through hands on activities. Campers will study the stars and chart their way through the universe!

Speak Up! (K-2) (3+)

A little bit louder for those in the back! In this speech camp, you will increase your confidence and aplomb with tricks the pros use to capture and control an audience's attention. Find your voice through improved vocal projection, enunciation and expression.

Green Thumb (K-2)

Put on your gardening gloves and learn how plants and animals work together to keep our ecosystem growing! Gardeners will discover the basics of botany, new plant life, and create their very own "take-home" garden.

Budding Artists (K-2)

Your young artist will experience a week of fun designing and creating a variety of art projects, while enjoying the excitement of working with new and traditional materials! This program not only builds confidence in the arts, but inspires your camper's creativity. Class size limited.

Future Forecasters (K-2) (3+)

Dive into the captivating world of weather. Future forecasters will explore various aspects of weather and the impacts weather can have on the environment. Campers will engage in exploration of the water cycle, weather patterns and learn about the use of meteorology tools to help predict the weather.

Game Time (Physical Education) (K-2)

A strong body is just a run, skip and a hop away! In this camp, your students will learn the basic skills to participate in sports and play a variety of fun and active games.

Art Adventures...Painting! (3+)

Students will have fun using acrylic paints, watercolors and other mediums while exploring new and traditional materials. (Space is limited.)

Art Adventures...Collage & More! (3+)

Students will explore the world of collage, paper decoration, printing and more. They will use a variety of 2D and 3D methods, and explore and combine new materials and techniques. (Space is limited.)

Book Worms (K-2)

Dig into new stories this summer! Build active reading skills and learn to make connections through conversation and creative projects. Boost your reading comprehension and speaking skills while having fun!

Camp Descriptions

Young Poets (K-2) (3+)

Ready, set, write! In this camp, young poets will explore writing poetry while working on handwriting and reading skills. Students will expand their vocabulary and learn about various types of poetry. All campers will leave the week with an illustrated, handwritten poem and maybe even a passion for writing!

Big Brain (K-2) (3+)

Did you know that you house the most powerful computer right between your ears? That's right! It's your brain! Expand your knowledge and your noggin as you develop an understanding of the brain's importance, the ways it connects us, and how it even sometimes tricks us!

LEGO Brickmasters (K-2)

Young architects and engineers will be tasked with various design challenges. Through creative thinking students will explore brick challenges and prepare to share their creations with their peers. Let's get building!

LEGO Botanicals (3+)

Explore the art of Legos with amazing new botanical sets!

Under the Sea (K-2)

Dive deep into the world's largest ecosystem! Campers will study the oceans, investigate their differences, and discover how watery lands support such a diverse and vibrant marine life.

Novel Study (3+)

Explore new novels this summer and visit some old classics too! Students will expand their reading skills and focus on theme, character analysis, plot and so much more through activities & creative projects.

Dino-Mite (K-2)

Step on board our time machine as we travel back millions of years to meet some of the largest (and smallest) creatures to have roamed the earth! While there, we will explore different aspects of their environments, what they ate, and how they became extinct. Who knows, you might even get to bring home your very own unique dinosaur!

Extra Extra! (3+)

Aspiring journalists will learn what it takes to be great in the digital world by writing successful stories and articles about current events and pop culture.

Shark Week (K-2) (3+)

Did you know sharks range in size from 17 cm to 40 ft? Marine enthusiasts will discover the wonders of the ocean's apex predators and the vital role they play in their ecosystem.

Camp Descriptions

Making Cents (K-2) (3+)

Let's learn about the value of the dollar! Campers will engage in lessons to learn about US currency and life skills such as counting and making change (novice) to calculating interest earned (upper level).

Caves & Creatures (3+)

Calling all warriors, wizards, and heroes! Unlock your imagination and get ready to think on your feet in this interactive adventuring camp. Create your own character, solve problems, and work with others while on an epic quest.

Feathered Friends (K-2)

Tweet, tweet! Calling all bird watchers. Explore the lives and beauty of our feathered friends, from the emperor penguins in Antarctica to the beautiful blue jays in your backyard.

Food Science (K-2) (3+)

Have you ever enjoyed a delicious bouncy egg or edible slime? Learn about the science wonders of chemistry and the states of matter through food experiments!

Animals A to Z (K-2)

From Zoology to Marine Biology, come learn about all the creatures that inhabit the earth. Campers will investigate and document classifications, habitats, physical features and behaviors of these unique wild animals.

World Traveler (K-2)

Embark on a journey through Peru or Iceland! Explore new terrain while learning through exciting activities, crafts, games, geography and songs!

Creepy Crawlers (K-2) (3+)

Did you know that insects represent more than half of all animal species? Learn about this diverse group of animals, their complex bodies and more!

Computer Literacy (3+)

Log on and get ready to become a computer whiz! Learn about using the computer and the world wide web as a tool for learning in this camp. Students will complete a research report over the week and learn the skills necessary to use the computer in smart and safe ways.

Students MUST have a laptop with internet access to participate in this class.

Building Character (K-2)

Students will explore the pillars of good character. Through stories, activities and projects, students will develop the positive traits of resilience, independence and empathy.

Let's Go Camping (K-2)

Come and explore the sights and sounds of nature in this fun "outdoorsy" camp. Campers will experience some of the wonders of the great outdoors while they tell campfire stories and enjoy s'mores.

Camp Descriptions

Game Night (3+)

“Board” with summer? Create some fun with your own personal game! In this camp, game players will have the opportunity to play various tabletop games and become game creators themselves. Pass, go and buy up property as you climb the ladder to a magical land of candy where you find the clue and risk your points to solve the game.

Mrs. Karnuta's Art Camp (1st-6th) (12:30-4:30pm)

Mrs. Karnuta will present an active and artistic art camp featuring various wet and dry media, 2D and 3D projects and lots of fun! Plans include at least one project in the following categories: drawing, painting, sculpture, printmaking and fabric arts. There is a strict limit of 10 students, so sign up now!

Let's Get Crafty (3+)

What can you create with paper & glue? Bring out your student's creative side with this dynamic and fun camp. Students will use various materials and mediums to spark their imaginations! Don't be afraid to get messy!

Little Engineers (K-2) (3+)

Grab your hammer and let's get building! This S.T.E.A.M based camp will teach campers about design and construction as they create simple and safe structures.

ISEE (4th-5th)

This Standardized Test Prep class will benefit all students preparing for ISEE, STAAR, SSAT, etc. These classes will promote your student's performance on the lower level assessments.

There are two separate classes as follows (enroll separately for each):

Verbal Reasoning & Writing (4th-5th) Students will be introduced to and practice various strategies while focusing on advanced reading, verbal reasoning, vocabulary, and writing skills.

Quantitative/Math (4th-5th) This advanced math class will provide students with problem solving strategies with mathematical concepts, quantitative analysis, and test taking approaches.

Extended Day

Class	Description	Time	Cost
Extended Day	Students in our Extended Day Program will have the opportunity to unwind with supervised social time. Example activities include art projects, puzzles, games, outdoor play and much more!	4:30-6:00pm	\$85/week

Summer Enrollment Checklist

Please ensure all forms are completed, signed and dated before submitting. Forms may be completed on our website, emailed to Summer@GuthrieSchool.com or dropped off at The Guthrie School. Incomplete forms will result in delayed enrollment. Please complete ONE ENROLLMENT PACKET PER STUDENT. If you have any questions about the Summer at Guthrie Enrollment Forms, please contact us at 972.596.6929. We will be happy to assist you!

Lunch Link

Powered by Wholesome Food Services

Lunch Link is the Guthrie School vendor who provides a healthy, unique and comprehensive school lunch program for our students. They partner with local “best in class” fresh casual restaurants to offer a wide variety of healthy lunch options. The Wholesome Food Services website makes it easy to order lunches 24 hours to 60 days in advance.

- Student lunches are individually prepared fresh each day and delivered to The Guthrie School.
- Each restaurant is assigned a day of the week to deliver.
- You can place your orders online with secure credit card processing.
- You can order as much or as little as you like.
- You can order daily or whenever you choose to participate.

Complete ingredient lists are provided. Guthrie School parents can be confident their child is able to avoid allergy ingredients. Gluten free and vegetarian items are available on every menu.

To Register:

1. Go to www.wholesomefoodsolutions.com home page.
2. Select “Register.” (no charge to sign up)
3. Create an account using your name and email address.
4. Set up child's profile (select “add new profile”). Enter “The Guthrie School.”
5. Select “Order Now” to place orders. Orders must be placed by 1:00PM the day before delivery and can be placed up to 60 days in advance.
6. You may begin ordering on May 20, 2025.

Sick Day Policy: If your child is sick in the morning on a day you have a lunch ordered, you may cancel your order no later than 8:00AM. Select “Order History” and click on the **red X** next to the lunch.
